Voice of Irish Concern for the Environment (VOICE) is a Charity established in 1997 following the withdrawal of Greenpeace Ireland. VOICE is an active advocate on climate change issues, water, waste management and forestry.

VOICE's supporter base represents people from across Ireland and reflects the growing concern that Irish people have for the quality of their environment. You will now receive information on our environmental work and will be invited to ongoing events throughout the year. You will receive newsletters, action notices and leaflets on our current campaigns.
